New and Modern Townhouse in Eden Resort, El Chaparral, Beachfront Mijas

A fully licensed rental property in one of the coast's very few modern beachfront complexes. This three bedroom townhouse sits within Eden Resort, a contemporary community next to El Chaparral Golf and within walking distance of the beach, La Cala, and the new sports club.

The home is distributed over two levels with bright interiors, floor to ceiling windows, and an easy flow between living spaces and the outdoors. The main floor has an open plan kitchen and living room that extends onto a private garden and a sunny terrace, making it ideal for everyday living or holiday use.

Upstairs you'll find the bedrooms, including a comfortable main suite with its own bathroom. The additional bedrooms are generous in size and share a modern bathroom with a sea view....
