Description

Upon entering, you'll find a split-level living and dining area with a cozy fireplace, a fully fitted kitchen, and a guest toilet. From the living room, you have direct access to a lovely terrace with beautiful views—perfect for enjoying morning coffee or evening sunsets.

Originally, the area by the entrance served as a private garage, but it now functions as a showroom/lounge. This versatile space could easily be transformed into an additional bedroom, a home office, or a snug TV room.

The current owner has thoughtfully redesigned the entrance level to create an open, light-filled layout that allows natural brightness to flow throughout the home. Upstairs, the property features an exceptionally large master suite that could be reconfigured into up to three bedrooms simply by adding room dividers. A second bathroom could also be installed if desired. This level offers two inviting terraces—one for sun, one for shade—both with pleasant views of the surrounding landscape.
