
Description

The UNIQUE project offers a total of 11 luxury semi-detached single-family homes, ranging in size from 260m2 to 360m2. These homes are located in an exclusive complex and feature exceptional characteristics, such as unique private patios and spacious terraces. The concept of 'patio houses' has been carefully applied in the design of these homes, meaning that the various rooms are arranged around a covered interior courtyard. This space is versatile and filled with light, making it ideal for enjoyment throughout all seasons of the year.

The residential complex is situated in Pedregalejo, one of the most exclusive areas of Málaga's capital, just 500 meters from the beach. The location is privileged, as it is close to all the necessary daily services and has excellent connections to the city center and the main access routes. Additionally, it is within walking distance of schools, sports facilities, healthcare centers, shops, and a wide variety of restaurants and entertainment options.

Access to public transportation is very convenient, as it is only 10 minutes from...
