

Land in Frigiliana

More info:

Do not miss this opportunity to buy a dream plot, it has the right to 1 million liters of water per month and has the possibility of building 2 small houses, one of 40m² and the other of 30m². The property is terraced and has about 100 avocado trees of the bacon category that are currently out of production, but could be recovered. The plot has 2 plots ready for the construction of the tool houses, therefore there would be no need to make expensive earthworks. The access is...
