

Residential Plot in Cabopino

More info:

A Home for Those Who Don't Follow the Horizon. They Create It. Some people look for houses. Others build spaces that leave a mark. In Los Olivos, Cabopino, facing the Mediterranean, rises a project that needs no introduction. Designed by Carlos Lamas, this residence was conceived for those who understand architecture as an extension of their vision, a statement of intent. A 713 m² plot, southwest-facing, with direct access to the sea. A point where...
