

Detached Villa in El Trapiche

Description

360° Freedom Sea, Mountains and a Home That Feels Special Every Day There are views you eventually get used to. And then there is this one. A full 360° panorama stretching from La Maroma across Canillas de Aceituno, Vélez-Málaga and the Mediterranean Sea, all the way to Comares and the mountains of Granada. A landscape that changes with the light throughout the day and never loses its magic. Yet, despite its peaceful setting, the villa is surprisingly well connected....
