

Description

A unique luxury complex of sustainable, energy efficient homes to be built in a private and gated community within the exclusive country club resort of Real de La Quinta. Each villa has been individually designed, inside and out with differing sized plots up to 10,000m² offering uninterrupted views to the coast, Mediterranean Sea, with Gibraltar and North Africa beyond.

Each villa has been designed to make the best use of the location to maximise the outlook with all the internal details carefully planned while considering the surrounding environment. The complex itself rests on 65,000m² of land creating a very low density build throughout, with no obstructions from any of the 18 properties to be developed, maximising the outlook to the natural surroundings.

Expansive gardens with the infinity pools with nothing between the horizontal lines and the Mediterranean Sea just never tire. Each of the interiors offers a choice of three or four en-suite bedrooms with each being unique in design and style from the other, from the more conservative style to more bold and...
