Description

Exclusive Independent Villa | Pinares de San Antón, Málaga

An invitation to a rare Mediterranean lifestyle

Nestled in the tranquil heart of Pinares de San Antón, one of the most sought-after neighbourhoods in eastern Málaga, this independent residence sits on a generous 800 m² plot — a private sanctuary of elegance and seclusion rarely found on today's market.

Spread across three levels with 190 m² of built space, the property harmoniously blends family comfort with architectural refinement. Four spacious bedrooms, three full bathrooms and a generous living room with fireplace create a welcoming atmosphere in every season, while doors opening onto the covered terrace seamlessly connect the interior with the garden and outdoor pool — the perfect setting for Andalusian evenings under the open sky.

The kitchen, ample and functional, features its own dining area and direct access to a terrace equipped with a barbecue, turning every meal into an alfresco social experience. Fitted wardrobes, dedicated storage space and two covered parking spaces complete a thoughtfully designed list of amenities, with no compromise...
