Description

Just 5 km from the charming white villages of Canillas de Albaida and Árchez lies this rustic plot a place where peace, nature and possibilities come together. With a total of 10,548 m² divided into three parcels, it offers plenty of space for creative ideas: from a self-sufficient garden to a private retreat or a sustainable countryside project. The land is undeveloped and currently has no electricity or water connection ideal for those looking to live off-grid or create something unique and authentic. The three parcels can be purchased together or separately, offering flexibility for different needs and budgets. A special place for nature lovers, visionaries, and those seeking something real. We are pleased to be able to present this dream property to you soon, either personally or via virtual viewing. Because this world is unique - just like our Axarquía. In Andalusia. On the Costa del Sol. Here, on the sunny side of life...
