Description

The photographs are genuine and have not been generated or altered using artificial intelligence. The property is currently in the exact condition shown in the images.

We are pleased to present this fantastic top-floor corner apartment, offering excellent potential to become your dream home. Although it requires renovation, it stands out for its spacious layout, abundant natural light and well-designed floor plan. Thanks to its orientation, the property enjoys sunshine throughout the day, with natural light from both morning and afternoon. It features a generous living room, a separate kitchen with a utility room, three double bedrooms, two full bathrooms, and beautiful unobstructed mountain views, with no neighbouring buildings overlooking the property, ensuring privacy and an open outlook. Its location is another major advantage, just a short walk from supermarkets, the beach, the health centre, the train station, and all essential amenities.
