

Description

Building plot with project in Rancho Domingo, Benalmádena Pueblo. Very attractive location on a corner plot at the end of a dead end street close to the village with all kinds of amenities.

The project which is ready for the building license consists of a detached villa with private swimming pool and garage. It is developed to have basement, ground floor and first floor, with a garage for two vehicles and a swimming pool. It has been oriented so that the main views are directed to the points where there are no buildings, thus increasing the feeling of privacy.

Basement level with gym, storage rooms, installation room, ironing room, wine cellar, bathroom 1, laundry room, garage and patio. Total usable area of basement 223.97 m².

Ground floor level with living room, dining room, kitchen, master bedroom, bathroom 2, dressing room, toilet, hallway, covered entrance, covered porch and swimming pool. Total usable area ground floor 212.43 m². Closed constructed...

Detail drawing of a building corner or entrance.
