La Paloma Coastal Entry Collection | 3 Sea-View Villa Plots with Expansion Potential

This 3-plot collection offers the cleanest entry into La Paloma for a buyer who wants a coherent villa scheme rather than scattered land. Within the same quiet residential pocket, it combines sea-view potential, a low-density villa setting and a price level that still leaves room for intelligent development margins. It is well suited to a boutique builder, a phased private investment or a smaller developer looking for a sensible coastal land position with genuine upside. An additional corner reserve parcel may also be available within a broader acquisition discussion.
