

Description

Not just land: it's a strategic opportunity in Campo Mijas.

761 m2 | €299,000 | New-build potential | High upside

Not every plot deserves to be built on.
Some deserve to be strategically conceived.

This 761 m2 urban plot in Campo de Mijas is one of them. Because of its location, its price, and above all, its genuine development margin. An asset designed for those who understand that value lies not only in square meters, but in what can be created on them.

Set within a consolidated, quiet and well-connected residential area, the plot allows for the development of a high-end new-build villa, perfectly aligned with current national and international demand: privacy, contemporary design, efficiency, and proximity to the coast without sacrificing calm....
